

2023 First Quarter Results

Ended March 31, 2023

Forward Looking Statements Disclaimer

This presentation contains forward-looking statements as that term is defined in the Private Securities Litigation Reform Act of 1995. In some cases, forward-looking statements may be identified by words such as “believe,” “expect,” “seek,” “may,” “will,” “intend,” “should,” “project,” “anticipate,” “plan,” and similar expressions. Forward-looking statements are based on the current beliefs, expectations and assumptions of the Company’s management regarding the future of the Company’s business, future plans and strategies, projections, anticipated events and trends, the economy and other future conditions. Examples of forward-looking statements include guidance regarding the Company’s revenue and earnings and the growth of our cloud, analytics and artificial intelligence business.

Forward looking statements are inherently subject to significant economic, competitive and other uncertainties and contingencies, many of which are beyond the control of management. The Company cautions that these statements are not guarantees of future performance, and investors should not place undue reliance on them. There are or will be important known and unknown factors and uncertainties that could cause actual results to differ materially from those expressed or implied in the forward-looking statements. These factors, include, but are not limited to, risks associated with changes in economic and business conditions, competition, successful execution of the Company’s growth strategy, success and growth of the Company’s cloud Software-as-a-Service business, difficulties in making additional acquisitions or effectively integrating acquired operations, products, technologies and personnel, the Company’s dependency on third-party cloud computing platform providers, hosting facilities and service partners, rapidly changing technology, cyber security attacks or other security breaches against the Company, privacy concerns and legislation impacting the Company’s business, changes in currency exchange rates and interest rates, the effects of additional tax liabilities resulting from our global operations, the effect of unexpected events or geo-political conditions, such as the COVID-19 pandemic, that may disrupt our business and the global economy and various other factors and uncertainties discussed in our filings with the U.S. Securities and Exchange Commission (the “SEC”).

You are encouraged to carefully review the section entitled “Risk Factors” in our latest Annual Report on Form 20-F and our other filings with the SEC for additional information regarding these and other factors and uncertainties that could affect our future performance. The forward-looking statements contained in this presentation speak only as of the date hereof, and the Company undertakes no obligation to update or revise them, whether as a result of new information, future developments or otherwise, except as required by law.

Disclaimer

Explanation of Non-GAAP measures

Non-GAAP financial measures are included in this press release. Non-GAAP financial measures consist of GAAP financial measures adjusted to exclude share-based compensation, amortization of acquired intangible assets, acquisition related expenses, amortization of discount on debt and loss from extinguishment of debt and the tax effect of the Non-GAAP adjustments.

The Company believes that these Non-GAAP financial measures, used in conjunction with the corresponding GAAP measures, provide investors with useful supplemental information about the financial performance of our business. We believe Non-GAAP financial measures are useful to investors as a measure of the ongoing performance of our business. Our management regularly uses our supplemental Non-GAAP financial measures internally to understand, manage and evaluate our business and to make financial, strategic and operating decisions. These Non-GAAP measures are among the primary factors management uses in planning for and forecasting future periods. Our Non-GAAP financial measures are not meant to be considered in isolation or as a substitute for comparable GAAP measures and should be read only in conjunction with our consolidated financial statements prepared in accordance with GAAP. These Non-GAAP financial measures may differ materially from the Non-GAAP financial measures used by other companies. Reconciliation between results on a GAAP and Non-GAAP basis is provided in a table immediately following the Consolidated Statements of Income. The Company provides guidance only on a Non-GAAP basis. A reconciliation of guidance from a GAAP to Non-GAAP basis is not available due to the unpredictability and uncertainty associated with future events that would be reported in GAAP results and would require adjustments between GAAP and Non-GAAP financial measures, including the impact of future possible business acquisitions. Accordingly, a reconciliation of the guidance based on Non-GAAP financial measures to corresponding GAAP financial measures for future periods is not available without unreasonable effort.

Explanation of Constant Currency (“CC”)

NICE presents constant currency information to provide a framework for assessing how our underlying businesses performed excluding the effect of foreign currency rate fluctuations. To present this information, current results for transactions in currencies other than United States dollars are converted into United States dollars using the average exchange rates from the comparative period rather than the actual exchange rates in effect during the current period.

Future expected results for transactions in currencies other than United States dollars are converted into United States dollars using the exchange rates in effect in the last month of the reporting period. NICE has provided this financial information to aid investors in better understanding our performance. These constant currency financial measures presented in this release should not be considered as a substitute for, or superior to, the measures of financial performance prepared in accordance with GAAP.

Agenda

Q1 2023 Highlights

Income Statement

Balance Sheet and Cash Flow Analysis

Outlook

Q1 2023 Highlights (Non-GAAP)

Total revenue increased 8% (9% in CC) to \$572M; compared to \$527M in Q1 2022

Cloud revenue increased 25% to \$368M; compared to \$295M in Q1 2022

Cloud gross margin increased 140 bps to 70.0%; compared to 68.6% in Q1 2022

Recurring revenue represented 85% of total revenue; compared to 79% in Q1 2022

Operating income increased 10% to \$163M; compared to \$149M in Q1 2022

Operating margin increased 30 bps to 28.6%; compared to 28.3% in Q1 2022

Fully diluted EPS increased 13% to \$2.03; compared to \$1.80 in Q1 2022

Cash flow from operations increased to a record \$195M in Q1 2023

Impressive Growth and Execution

TOTAL REVENUE (Non-GAAP, \$M)

- Total revenue increased 8% (9% in CC) in Q1 2023 driven by 25% growth in cloud revenue
- Cloud revenue in Q1 2023 of \$368M represented a record 64% of total revenue
- Recurring revenue accounted for 85% of total revenue for Q1 2023

EARNINGS PER SHARE (Non-GAAP, \$)

- Double-digit EPS growth in Q1 2023 driven primarily by expansion of cloud gross margin
